Since 1992, Garson Design Services has been providing full service graphic design to a wide range of clients. We focus on helping companies promote their product or service to create a lasting impact on the targeted viewers and stimulate them into action. Our combined expertise provides clients a rich resource of ideas and methods to choose from. Contact GDS when you need to communicate your next message...that will stand the test of time.

4377Caffé Baci

This logo design was done for the owners of Caffé Baci, Sandra Brown and Susanna Addiego. Our design was influenced by items the client showed us, to include: "art deco" designed coffee ware, a large painting of the famous photo from the end of WWII of a sailor kissing a girl (Baci means kiss in Italian) and color splotches from paint cans (for the just about to be painted caffè). Creating a night scene with entertainment, food and drink finished the strong graphic look. The lit-up signage is a visible treat for downtown Vacaville. Model: Dorothey (Dee Dee) Donaldson, GDS.

logo design

4591theBlindButler

This customer's memorable company name speaks of a quality miniblind cleaning service. Owner, Chad Tobin says business is off the hook, so look for the GDS designed website for more info. Model: Client, Chad Tobin, The Blind Butler.

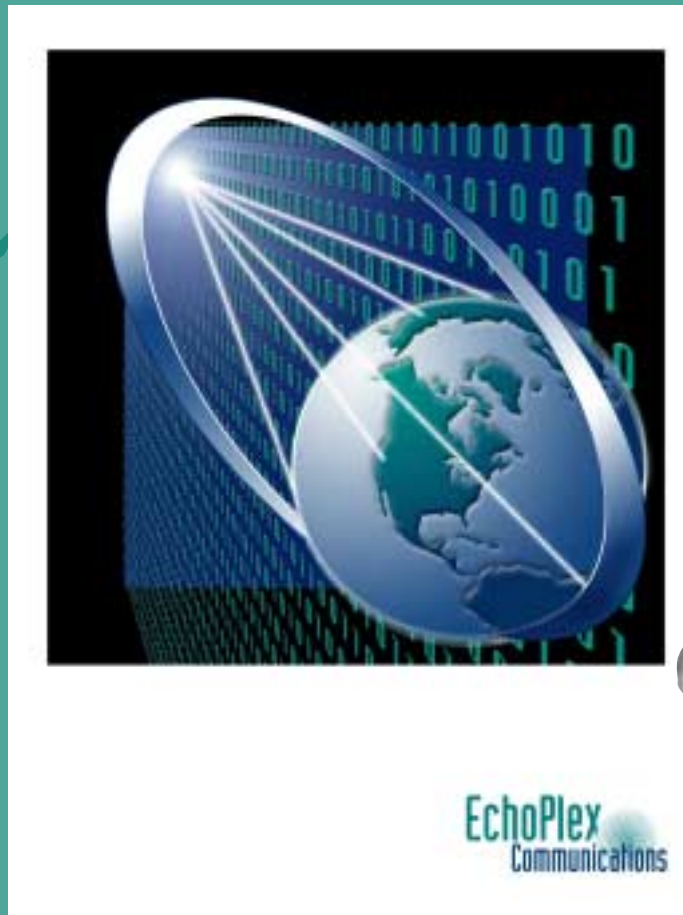

packaging

4464Sugars

Real hard-core tea drinkers can fall in love with this product! Designing a foil stamped box for specialty molded and colored sugars was only one aspect of the work we did for this client. We produced a logo, stationery, and a brochure as well as this box design, for the client's target market: the bed-and-breakfast and teashop trade. Model: Angie Phillips, GDS

folders

4479ECI
The "techie" look of this presentation folder indicates the high-end networking services this company provides. The "silicon valley" looking logo design and illustration work to invite viewers to find out more. Model: Steve Garson, GDS.
