Hidden in the north of Fairfield is a premium resort style community for retired officers and their spouses. Starting from an original 5 pages that served them for 5 years, we created a 35 page site that brought out their personality as a fun, active, friendly and service oriented place to retire. Detailed tourism info, contact form, and hidden goodies keep the viewer entertained and informed.

Think the rain forests of Panama, natives carving intricate and life-like original pieces of art. Uzelle Williams imports these gems and gives customers a chance to display a bit of exoticness. Our mission was bring some of that flavor to the viewer - think "Marine World" and you're almost there. We designed the logo also. 9 pages. 4773Wlms-Web

Our design method is to carefully research our client's company, industry, competition and target market. Our aim is to create a web site that is as good if not better then the best competition.

We bring years of graphic design experience to create a variety of potential looks and a practical philosophy of limiting viewer navigation frustration. Form follows function.

Working with clients of all types and industries large and small, we listen. Our aim is to make the client feel that the final product surpasses their goals.

Dr. Kessler specializes in hard to treat cases . If others couldn't help you, he most likely can. We built a special "slide show" to walk the viewer through a sample treatment case. It allows potential patients to be more comfortable and familiar with the process, while demonstrating Dr. Kessler's experience and friendly care. 17 pages. 4740Kessler-Web
