Hi Steve

Please take a look at: **paws.com**

Michael likes this web site.

We are not saying that we want ours to be exactly like this site. What we are saying,

- 1.) Have opening page be a long very nice photograph at the top of page. can click  
We can click arrow key for 4 - 5 long pictures of Napa/Tents.
- 2.) We also like the smaller pictures located in the middle of the body with information located on both sides of the pictures.
- 3.) I like the simple tabs across the top of pictures.

This site is delightful and would like to see ours reflect same feel.
