Good Morning Steve

Thank you for your communication with us. I have received and downloaded your files. 1.) recap of the Web site building process. 2.) Instructions on Uploading files to GDS. 3.) Copies of all our emails (Which I already have on file).

What we need is the LOGO. I don't understand what is taking so long for the est. pricing the logo development and proofs of your LOGO designs to be emailed us.

We understand that you are making sure "what we want" in design of the Web Site and that is now well documented. We have discussed, documented and now need to have something happen.

If we get anything done with this email, is to have the sample LOGOS emailed to us today. We are quickly approaching our busy season and need a Logo asap.

Hi Steve

As per our phone conversation on May 29, 2015

- 1.) You were going to write up our last phone conversation so that we were both clear on what we talked about and what you were working on.
- 2.) Estimated cost for Logo and date that you will have them ready.
- 3.) Basic layout for 3 pages of Website.
- 4.) Confirm in writing that each page we add to the Website the charge will be \$120.00

We really need to get moving on this,
